

Quality management is key to McGarry Construction which is committed to continually improving its business, quality standards and procedures.

The company is committed to communicate with and involve its staff and clients to continually improve the quality system.

It is the policy of McGarry Construction to:

- Comply with all contractual requirements of its clients and to meet and exceed their expectations on each and every contract.
- Maintain and pursue high standards of quality as a key part of efficient management of the business and ensure that any decisions take proper account of all quality requirements.
- Initiate and develop processes and procedures to attain ISO 9001:2008 certification based upon the following quality management principles:
 - Client/customer focused business
 - Involvement of employees
 - Leadership
 - Continual improvement
- Develop and review clear business objectives and standards in line with contract requirements.
- Review, and if necessary revise this Policy statement on an annual basis.

The Management team has overall responsibility for this Policy.

McGarry Construction shall produce and maintain a quality system and ensure that adequate resources are available for the successful implementation of this Policy statement.

All Managers, Supervisors and employees are responsible for the successful implementation of this Policy Statement.

This statement will be reviewed annually, (or as and when required) by the Managing Director.

It is briefed and acknowledged by all persons working for the company.
